DETAILED ACTION

Response to Amendment

1. The reply filed July 18, 2007 is acknowledged.
2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 112

3. Claim 32 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claims are generally narrative and indefinite, failing to conform with current U.S. practice. They appear to be a literal translation into English from a foreign document and are replete with grammatical and idiomatic errors.

Regarding claim 32, the preamble appears to recite a subcombination of an apparatus but the body of the claim contains limitations directed to a combination of an apparatus, a function liquid droplet ejection head and cap.

Claim 32 recites the limitation "the function liquid" in line 5. There is insufficient antecedent basis for this limitation in the claim.

Claim 32 recites the limitation "the function liquid ejection head" in lines 5-6. There is insufficient antecedent basis for this limitation in the claim.

Claim 32 recites the limitation "the function liquid droplet" in line 6. There is insufficient antecedent basis for this limitation in the claim.

Response to Arguments

4. Applicant's arguments with respect to claim 32 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
